SUMMARY: On December 18, 1997, Resolution No. 97.84, City council approved General Plan 2020. The Plan includes 16 elements, one of which is the "Recreation Element" with the objective to "Implement the City of Tempe Long Range Community Services Plan". Details of the recreation element are found in a separate document and used as a reference with the Tempe General Plan 2020. Once the new recreation plan is formally adopted by City Council, the City of Tempe Parks and Recreation Master Plan 2001 will become the new reference. Planning Staff has worked with Community Services staff through the years during the development of the new plan. On August 28, 2001, Planning Commission approved this request on a 5-0 vote with two conditions. On September 20, 2001, City Council held the first public hearing. Staff supports this request subject to the attached conditions. Up to this date, no public input has been received.

RECOMMENDATION: Staff - Support
Public - None

**CONDITIONS
OF APPROVAL ADDED
BY PLANNING COMMISSION:**

1. Public spaces shall be created that are not tied to the automobile as approved by the specific neighborhood that encompasses the park as reference in the Northwest Tempe Neighborhood Strategic Plan.
2. Park Master Plan shall incorporate all of the planning elements in regards to the Papago Park as referenced in General Plan 2020.

Recreation Element

The Overall Goal of the Recreation Element

The overall goal of the Recreation Element is to encourage the provision of safe, usable open areas and recreation facilities that meet the needs of all Tempe residents and fit well into neighborhoods.

Objective to attain this Goal include:

Objective 1. Implement the City of Tempe Long-Range Community Services Plan.

Rationale

The Long-Range Plan Update 1989 document seeks to insure that park facilities be provided as the City develops and that facilities meet the needs of the community and neighborhoods. It is a free-standing document and is incorporated by reference into General Plan 2020. Any future updates shall supersede the 1989 Plan after formal adoption by the City Council and become incorporated by reference into General Plan 2020.

Implementation Strategies

1. Create facilities in neighborhood parks that reflect the needs and wishes of the immediate neighborhood.
2. Provide landscaping, lighting, picnic facilities, benches, playground equipment, parking and transit access appropriate to the types of activities held in each individual park.
3. Design all parks for safety and maintain parks in a manner which enhances safety.
4. Preserve the unique character of park areas during development and maintenance, whether it be desert character, historic assets or accepted value to the community.

Papago Park Conservation Strategies

The goal of this Papago Park Conservation Strategies Section is the conservation, reclamation and restoration of Papago Park's remaining natural and open spaces within and contiguous to, the boundaries of the City of Tempe.

Objective 1. Preserve and reclaim open space, special features and panoramic views in, from and through the natural environment in Papago Park.

Objective 2. Protect and restore flora and fauna indigenous to the natural environment within Papago Park.

Objective 3. Reclaim and restore damaged and inappropriately developed desert areas.

Implementation Strategies

1. Review and revise the Papago Park Master Plan in light of this goal.
2. Support an effort to create a comprehensive and unifying master plan for the original 2100 acres of the Papago Park area, now controlled by many different entities.
